## Caregiver Support Follow-up form

*After 3 – 6 months, consider spending some time with the caregiver to discuss how they feel about these key areas of knowledge and caring for the child. Ask caregivers to rate their confidence in the areas below.*

*Date:* \_\_\_\_\_

	<b>How confident are you about</b>	<b>not at all confident</b>	<b>not really confident</b>	<b>confident</b>	<b>very confident</b>
1.	Knowing how to adapt routine activities				
2.	Handling your child's behaviour				
3.	Handling people's reactions to your child				
4.	Teaching your child new skills				
5.	Knowing how to improve your child's ability to communicate				
6.	Helping your child develop friendships with other children				
7.	Keeping your child occupied when s/he is alone				
8.	Knowing how to involve other family members in interacting with your child				
9.	Knowing the rights of parents and children under the special education laws				
10.	Helping other people to have the ability to care for and communicate with your child				

*For further in-depth information you could ask the caregiver to reflect on how much participation in the early intervention services has contributed to their knowledge, growing skills and confidence in the areas discussed above.*

**Not at all**

**a little bit**

**to some extent**

**a lot!**

*You can use the back of this sheet to make notes or comment on interactions with the caregiver, family and community in the past few months.*
